Christian care for families

Our trip to St Mary-at-Stoke, Ipswich, was a lovely day. We started with a service in the church followed by a wonderful lunch. We were then taken to Quay Place, the redundant church of St Mary at the Quay which is now a Wellbeing and Centre. The outside looks old but the interior was completely renovated, although being a listed building, many features were retained. It is very interesting and well worth a visit if you are in Ipswich.

Forthcoming meetings:

21 September Members' DIY – bring something of interest to read (e.g. poem, funny story)

Collection of cleaning products for Women's Refuge

18 October Diocesan Healing Service – details TBA

19 October Dorothy Howard – Poetry

16 November Rev'd Manette
