

# MISSION & GROWTH

Together with our Vicar and parish family, the Children & Families Leader will help us grow in faith, hope and love.

**Work alongside the Vicar** to foster a church environment as grounded and graceful as the community it serves.

**Advocate for the needs of children and families** within parish life, listening well and responding with compassion and creativity.

**Support initiatives connecting young people** with social justice and global awareness through the lens of the Christian faith.

## CORE VALUES OF THE PROJECT

### Named and Known

Ensuring every child feels seen and valued as an individual.

### Generational Faith

Building bridges between the traditions of the Church and the needs of the next generation.

### The Radical Welcome

Actively removing barriers to participation for all families.

**“Let the little children come to me, and do not hinder them.”**

MATTHEW 19:14

This is more than a role — it is a chance to shape the future of our parish by nurturing faith, championing families, and sharing God’s love in practical, joyful and life-giving ways.
